Local 32 members:

AMFA Local 32 will be holding an Informational Picket on August 16th 2017 between 07:00 and 10:00 at Sky Harbor Airport in Phoenix Az. This marks the five-year Anniversary that the SWA Mechanics contract became amendable and your LEC is asking you to commit a small portion of your time on Wednesday the 16th to walk alongside your fellow Southwest Airlines members in a show of solidarity. That day is fast upon us and we would like to show the Company, the public and most important our fellow union brothers and sisters that we are united as one and that five years is **WAY** too long. **Due to the forecasted temperature in Phoenix we recommend you dress appropriate for the weather, but ask that you wear an AMFA shirt.**

Note: This is a new Location from previous Informational Pickets

We are beginning staging at 6:45 AM at the Picket location which is Terminal four, Level two, Northside, West End, if you exit door 21 we will be to your left. We will rotate people in if our numbers reach over 100 persons.

We will end the picket at 10:00 AM

Water and snacks will be provided

We ask that everyone stays 50ft from any entrance during the picket per our permit

Fraternally yours
LEC Local 32
